- W46087 amber diodes clear lens 2 1/2"
- W46088 red diodes clear lens 2 1/2"

LED single face lights
Single face LED lights

4" round flat light with 61 diodes stainless steel housing and chrome plastic visor

- W46101 with red diodes and red lens

LED single face lights
Single face LED lights

Chrome die cast housing and acrylic lens

- 78350 with amber diodes with amber lens
- 78353 with red diodes with red lens
- 78355 with amber diodes with clear lens
- 78356 with red diodes with clear lens
- 4 1/8" x 2" deep 1/2"-20 stud 1" Long

LED single face lights
Single face LED lights

Chrome steel Spyder light 3" diameter x 6 5/16" L

- 77210 with amber diodes with amber lens
- 77211 with amber diodes with clear lens
- 77212 with red diodes with red lens
- 77213 with red diodes with clear lens

LED single face lights
Single face LED lights

Spyder light 3 1/2" diameter x 4 1/8" H

- 77250 with amber diodes with amber lens
- 77251 with amber diodes with clear lens
- 77252 with red diodes with red lens
- 77253 with red diodes with clear lens

LED single face lights
Single face LED lights

LED single face lights
Pedestal light extension kit

Spyder light with chrome die cast housing and chrome rim and visor 2 function

- 77922 with amber diodes with amber lens
- 77923 with amber diodes with clear lens
- 77926 with red diodes with red lens
- 77927 with red diodes with clear lens

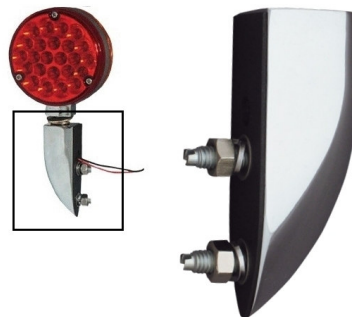

Chrome aluminum with mirror arm clip and mounting hardware

- 82000 3" with chrome mirror arm clip
- 82001 3" with stainless steel mirror arm clip
- 82002 4" with chrome mirror arm clip
- 82003 4" with stainless steel mirror arm clip

Double face LED lights

Chrome die cast housing Spyder LED light

- 78550 amber and amber diodes amber and amber lens
- 78551 amber and red diodes amber and red lens
- 78552 amber and amber diodes clear lens
- 78553 amber and red diodes clear lens
- 3 1/2" diameter x 5 1/2" H x 1/2" 20 stud 1 11/16" Long

LED double face lights
Double face LED lights

Round with a single stud mount

- 1934 Round with 19 diodes
- Amber on one side and red on the other

LED double face lights
Double face LED lights

Spyder chrome die cast with chrome rim and visor 2 function

- 77932 amber LED amber lens both sides
- 77933 amber/red LED amber/red lens
- 77936 amber LED clear lens both sides
- 77937 amber/red LED clear lens both sides

LED double face lights
Double face LED lights

Square Pearl 24 diodes each face 4 diode side marker light

- 77620 amber/amber lens amber/amber diodes either side
- 77621 amber/red lens amber/red diodes drivers side
- 77622 clear/clear lens amber/amber diodes either side
- 77623 clear/clear lens amber/red diodes drivers side
- 77624 amber/red lens amber/red diodes passenger side
- 77625 clear/clear lens amber/red diodes passenger side
- 4 1/2" L x 2 1/2" W x 4 1/2" H

LED double face lights
Double face LED lights

Square single and double stud mount

- 1930LR driver and passenger sides
- 19 + 6 amber diodes and 19 red diodes
- 3 wires (1 with ring terminal)
- Single stud mount 4-3/4" x 2-9/16"
- 1932LR driver and passenger sides
- 19 + 6 amber diodes and 19 red diodes
- 3 wires (1 with ring terminal)
- Double stud mount 4-3/4" x 2-9/16"

LED double face lights
Pedestal light extension kit

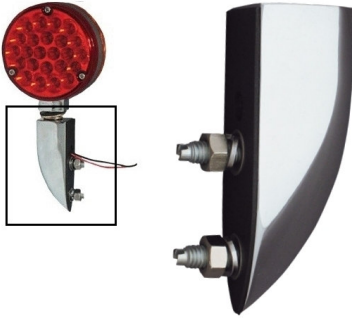

Chrome aluminum with mirror arm clip and mounting hardware

- 82000 3" with chrome mirror arm clip
- 82001 3" with stainless steel mirror arm clip
- 82002 4" with chrome mirror arm clip
- 82003 4" with stainless steel mirror arm clip

LED double face lights
Double face lights adapter

Chrome die cast mounting bracket for double faced lights fits all 1/2" 20 stud lights 4" x 1" x 1"

- 78359
- Fits all 1/2" 20 stud lights 4" x 1" x 1"

LED cab marker lights
Cab marker LED lights

Cab marker light Torpedo style with sealed LED lens

- W53810 Truck-Lite style chrome plastic housing
- With 13 amber diodes amber lens
- W53811 Truck-Lite style chrome plastic housing
- With 13 amber diodes clear lens
- W53817 Chrome die cast housing
- With 17 amber diodes amber watermelon lens
- W53818 Chrome die cast housing
- With 17 amber diodes clear watermelon lens

LED cab marker lights
Cab marker LED lights

Cab marker light Torpedo style with sealed LED lens

- 1951A amber diodes amber lens
- 1951AC amber diodes clear lens
- 19 amber diodes amber lens
- ABS plastic housing
- 10" bolt pattern includes mounting hardware
- 14 11/16" x 3 3/8
- 1951A-L 19 amber diodes amber lens
- 1951AC-L 19 amber diodes clear lens
- Replacement sealed lens only

LED cab marker lights
Cab marker LED lights

Cab marker light rectangular style with sealed LED lens

- 1950A amber diodes amber lens
- 1950AC amber diodes clear lens
- 31 amber diodes with amber lens
- ABS plastic housing
- 8 1/8" bolt pattern & mounting hardware
- 10 11/16" x 3 13/16" x 2 11/16"
- 1950A-L amber diodes amber lens only
- 1950AC-L amber diodes clear lens only
- Rectangular replacement sealed lens

LED cab marker lights
Cab marker LED lights

Cab marker light flush mount

- 1952A amber
- Flush mount with 12 diodes
- popular use for Freightliner
- 3 5/8" bolt pattern
- 4 9/16" x 2 1/4" x 1 1/8"

LED cab marker lights
Cab marker LED light replacement lenses

Cab marker light Torpedo style replacement sealed lens

- W53781 Grakon 1000 style with 19 amber diodes amber lens
- W53782 Grakon 1000 style with 19 amber diodes clear lens
- W53785 Grakon 1000 style with 19 amber diodes amber reflector lens
- W53786 Grakon 1000 style with 19 amber diodes clear reflector lens
- W53819 with 17 red diodes clear watermelon lens
- W53820 with 17 red diodes red watermelon lens
- W53813 with 17 red diodes clear watermelon lens
- W53814 with 17 amber diodes clear watermelon lens
- W53815 Truck-Lite style with 13 amber diodes amber lens
- W53816 Truck-Lite style with 13 amber diodes clear lens

LED cab marker lights
Cab marker LED light replacement lenses

LED cab marker lights
Cab marker LED light replacement lenses

Cab marker light Torpedo style amber glass watermelon style lens only

- 1951LA each
- 1951LA-5 (5 per package)

Cab marker light rectangular replacement sealed lens

- 77560 Chrome Die Cast Housing 11 amber diodes amber lens
- 77561 Chrome Plastic Housing 11 amber diodes amber lens
- 77561 Chrome Die Cast Housing 11 amber diodes clear lens
- 77563 Chrome Plastic Housing 11 amber diodes clear lens
- 77568 With 11 amber diodes amber lens only
- 77569 With 11 amber diodes clear lens only
- with reflector without gasket
- 79869 Mounting gasket only
- 81312 Lens gasket only
- For rectangular cab marker light

Hella Optical Warning Systems
Xenon Strobe Beacon

Model KLX 7500 Self-Adjusting Amber Strobe MultiVolt

- Part number 9503011
- Self-adjusting intensity to variable lighting conditions
- Smooth PC lens is durable and easy to clean
- Integrated fresnel lens provides superior optics and maximizes light out
- Rotations/Flashes Per Minute (rpm/fpm) 80 Double / 65 Quad
- Heavy-duty model features fully encapsulated electronics
- Cast aluminum alloy base allows for maximum durability and heat trans

Hella Optical Warning Systems Warning Lamp LED

Model EXL 400 4" Warning Lamp 12/24V round amber LEDs clear lens

- Part number H22889001
- SAE Class I for maximum versatility and operational use
- Unique Hella optics with superior angular performance and light output
- Can be combined as part of the Hella DOT System - Patent Pending
- DOT capability built in to electronic PCB
- Unique Hella optics with superior angular performance and light output
- Proven product design to fit existing mounting holes in vehicle bodies

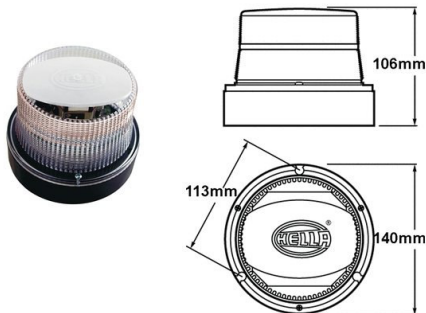

Hella Optical Warning Systems Warning Lamp LED

Model EXL 650 6 1/2" Warning Lamp 12/24V oval amber LEDs clear lens

- Part number H22889011
- SAE Class I for maximum versatility and operational use
- Unique Hella optics with superior angular performance and light output
- Can be combined as part of the Hella DOT System - Patent Pending
- DOT capability built in to electronic PCB
- Unique Hella optics with superior angular performance and light output
- Proven product design to fit existing mounting holes in vehicle bodies

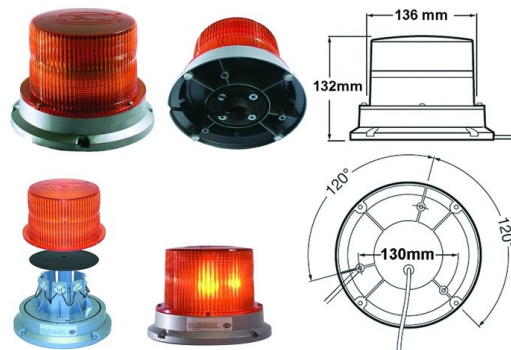

Hella Optical Warning Systems LED Beacon

Model K-LED 360 E Fixed multi-voltage amber LEDs clear lens

- Part number H27071001
- Aluminium backbone structure
- Corrosion free 6/6 glass filled nylon base
- Sixteen user-selectable flash patterns
- Battery monitor eliminates Light Sensor and Intensity control

Hella Optical Warning Systems LED Beacon

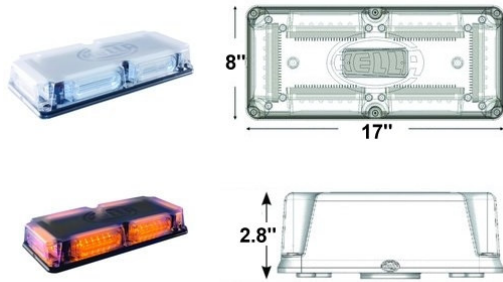

Model K-LED 450 Fixed multi-voltage amber LEDs amber lens

- Part number H27091071
- Rotating 360° flash pattern Vibration proof
- Lexan optics Metal injected aluminum base
- Helio Shield® to block off sunlight to perform more effectively in daylight
- Rotations/Flashes Per Minute (rpm/fpm) 80/65 Quad

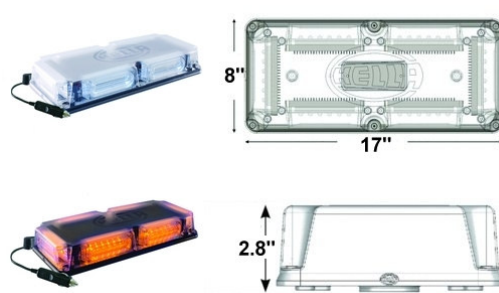

Hella Optical Warning Systems
LED Mini Lightbar

MLB 170 Mini Lightbar LED fixed base 12V amber LEDs clear lens

- Part number H27999001
- Mini Light Bar Low Profile Multiple Flash Patterns
- LED light head design with optics for optimum controlled light output
- Oversized heat sync and aluminum base plate ensures maximum cooling
- Clear UV stabilized Polycarbonate dome with Amber LEDs
- 24 flash patterns with touch wire controlled selection
- Encapsulated electronics for vibration and moisture protection
- Rubber mounting pads and screws

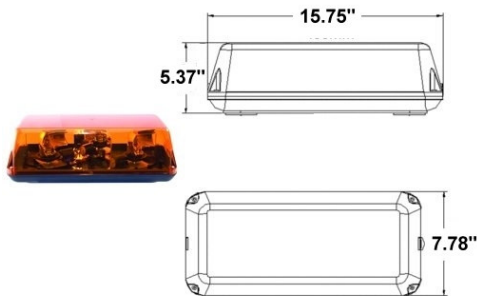

Hella Optical Warning Systems
LED Mini Lightbar

MLB 170 Mini Lightbar LED magnetic base 12V amber LEDs clear lens

- Part number H27999011
- Mini Light Bar Low Profile Multiple Flash Patterns
- LED light head design with optics for optimum controlled light output
- Oversized heat sync and aluminum base plate ensures maximum cooling
- Clear UV stabilized Polycarbonate dome with Amber LEDs
- 24 flash patterns with touch wire controlled selection
- Encapsulated electronics for vibration and moisture protection
- Rubber mounting pads and screws

Hella Optical Warning Systems
Halogen Mini Lightbar

Optilux OS-400 Twin Rotating Halogen Mini Light Bar Amber Fixed Base

- Part number H74999001
- Polycarbonate UV stabilized dome and robust ABS plastic base
- High sheen vapor-plated free-form reflector for maximum controlled light output plus central mirror for effective secondary flash
- Unique pinion rubber wheel drive for ultra quiet trouble-free operation

Hella Optical Warning Systems
Halogen Mini Lightbar

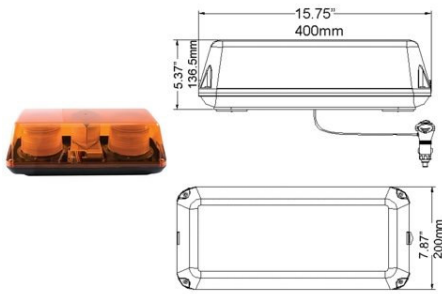

Optilux OS-400 Twin Rotating Halogen Mini Light Bar Amber magnetic base

- Part number H74999011
- 4 floating magnets for optimal fit to vehicle roof and
- Cigarette lighter plug with integrated switch
- Polycarbonate UV stabilized dome and robust ABS plastic base
- High sheen vapor-plated free-form reflector for maximum controlled light output plus central mirror for effective secondary flash
- Unique pinion rubber wheel drive for ultra quiet trouble-free operation

Hella Optical Warning Systems
Xenon Strobe Lightbar

OS-X400 Mini lightbar strobe fixed multi-voltage amber

- Part number H74999021
- Xenon Flash Tube
- High intensity strobes with central diamond mirror for second flash feature
- Polycarbonate UV stabilized dome and robust ABS plastic base

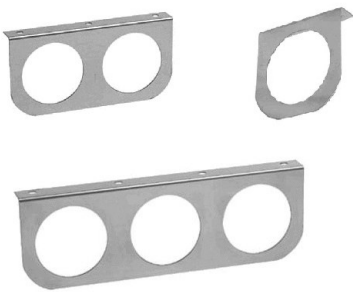

Hella Optical Warning Systems
Xenon Strobe Lightbar

OS-X400 Mini lightbar strobe magnetic multi-voltage amber

- Part number H74999031
- Xenon Flash Tube
- Cigarette lighter plug with integrated switch
- High intensity strobes with central diamond mirror for second flash feature
- Polycarbonate UV stabilized dome and robust ABS plastic base

ASSOCIATED TRUCKER SUPPLY (CANADA) INC. RETURN/WARRANTY POLICIES

RETURN POLICIES:

- No returns after 45 Days of purchase, NO EXCEPTIONS. -
- Customers MUST call for Return Merchandise Authorization -
- Customer is responsible for any return postage or freight to ATSCI -
- Non-defective merchandise returns will incur a 20% restocking fee -
- Return credit will be issued the same way as the item was paid -

HOW TO RETURN ITEMS TO ATSCI

Simply give ASSOCIATED TRUCKER SUPPLY (CANADA) INC. a call at (604) 795-5700. We will supply the customer with an RMA number that they will need to supply with the returned item(s). The customer is responsible for any return postage or freight charges.

Any item received in a condition that does not show signs of wear, assembly/installation, or attempted assembly/installation, which is returned to ATSCI within 45 days of purchase date in its original display box and packing material, can be returned to ATSCI for credit or replacement. An ATSCI Representative MUST give an RMA number as no merchandise can be returned to ATSCI without prior consent. Any item received by ATSCI that does not have an RMA number will be discarded without notification or credit.

Any part returned for credit to ATSCI absolutely MUST be in 100% perfect, unused condition. This includes any display packaging or formed packing material. When items arrive at ATSCI, they will be inspected to ensure that the parts are suitable for resale. If items check out, credit will then be issued to the customer in the same fashion as they were paid. If items are not suitable for resale, the customer will have the option to have the items sent back to them at their cost, or ATSCI will dispose of them accordingly. In either case if items are not suitable for resale, ATSCI will be unable to credit the customer for their return. Customer should purchase insurance on any returned package, as ATSCI is not responsible for lost or damaged packages that are returned to our location or our vendors.

WARRANTY REPAIR / REPLACEMENT POLICIES:

- All warranty claims and repair claims must be made through ATSCI, not the manufacturer -

HOW TO INITIATE A WARRANTY CLAIM

Simply give ASSOCIATED TRUCKER SUPPLY (CANADA) INC. a call at (604)795-5700. ATSCI staff will require visual confirmation of product defects with physical return or digital pictures sent via email to info@truckerssupply.com. Upon visual or physical confirmation of defects, ATSCI will give the customer two options for warranty replacement of covered parts.

1. For immediate replacement, the customer may purchase replacement parts at retail price plus freight costs, and await credit for items once ATSCI has received reimbursement from the appropriate manufacturer. ATSCI will issue credit to customer once reimbursement is received.
2. For no out-of-pocket cost, the customer can await confirmation of appropriate

credits to ATSCI. When ATSCI receives credit for affected item, ATSCI will send out replacement parts at no cost to the customer. Some of our vendors will require that affected parts be returned to them for credit. The customer is usually required to cover the postage or freight charges involved with the return shipment. Customer should purchase insurance on any returned package, as ATSCI is not responsible for lost or damaged packages that are returned to our location or our vendors.
